Shermer Sidepath 2nd Public Information Meeting

Tuesday, February 15, 2022

5:30 - 7:00 PM

Virtual Meeting (Webex)

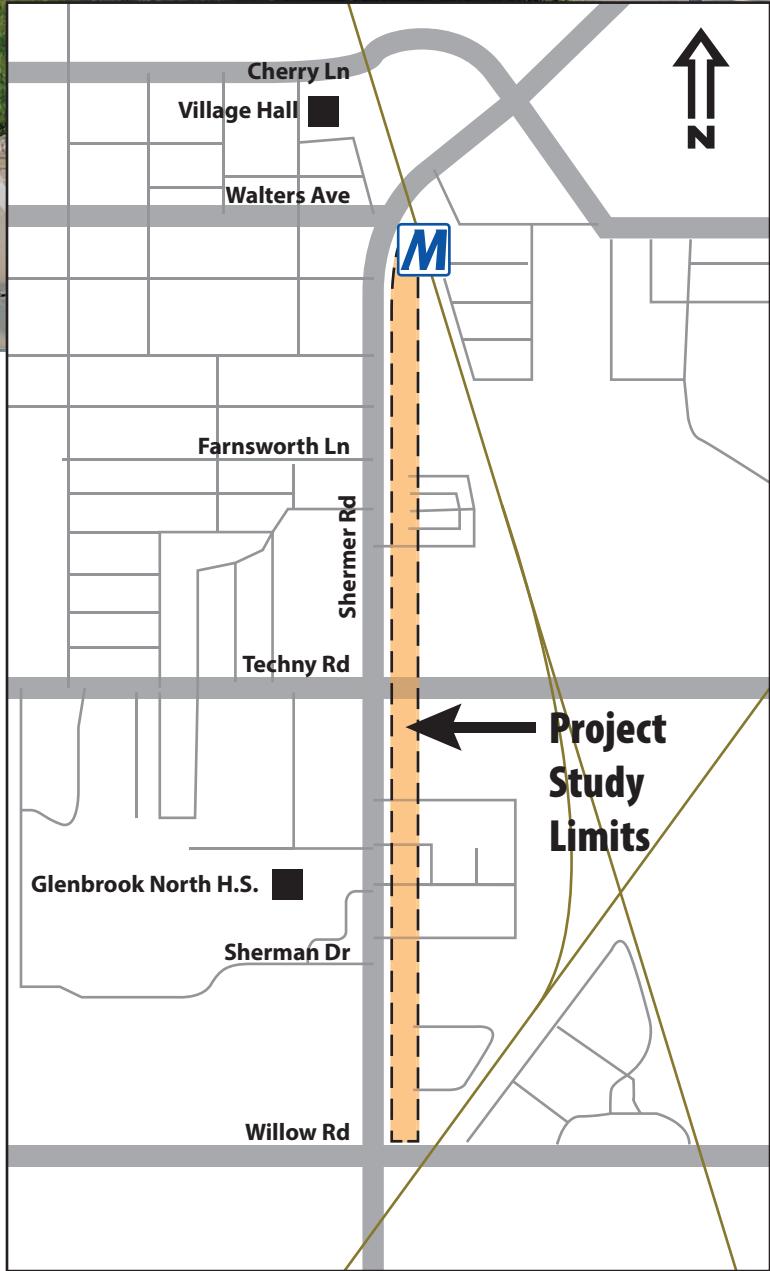

Public Information Meeting

Following the completion of the Northbrook Bicycle and Pedestrian Plan, the Village has began a preliminary engineering study for the construction of a sidepath along Shermer Road from Willow Road to Walters Avenue. The first Public Meeting was on May 19, 2021. The revised sidepath design will be available to the public at this second Public Meeting.

A sidepath is wider than a typical sidewalk and enables people to walk and bike along Shermer Road. The project would connect an existing sidepath in Glenview to downtown Northbrook, the Metra station, and destinations within the Village.

Tuesday, February 15, 2022
5:30pm - 7:00pm
Virtual Meeting (Webex)
