

TIPS FOR RECYCLING WRAPPING PAPER

IF GIFT WRAP IS NOT MADE OF 100% PAPER, IT CANNOT BE RECYCLED.

TO DETERMINE IF YOUR GIFT WRAP IS COATED WITH PLASTIC, CONDUCT A **RIP TEST**.

IF THE PAPER RIPS EASILY, IT IS MOST LIKELY GLOSSY PAPER. DISPOSE THROUGH REGULAR **RECYCLING** COLLECTION.

IF YOU CAN'T RIP THROUGH THE PAPER EASILY, IT IS PROBABLY COATED IN PLASTIC. DISPOSE THROUGH REGULAR **LANDFILL** COLLECTION.

IF IT IS COATED IN A THIN LAYER OF PLASTIC OR LAMINATED, IT CANNOT BE RECYCLED.

WRAPPING PAPER WITH GLITTER, FOIL OR OTHER METALLIC DECORATIONS CANNOT BE RECYCLED.

DECORATIONS LIKE TISSUE PAPER, RIBBONS, BAUBLES, AND BOWS CANNOT BE RECYCLED.
